

ABDELRAHMAN MOHAMED

Frontend Developer

Ismailia, Egypt | Age: 17 | Phone: +20 1288312230 | Email: bodaelaraby333@gmail.com | GitHub: github.com/abdelarmanmohammed777

PROFESSIONAL SUMMARY

Ambitious Frontend Developer and Information Technology Student at WE Applied Technology School (WE ATS). Specialized in building clean, modern, and fully responsive user interfaces. Backed by a solid foundation in Web Development Fundamentals, Data Fundamentals, Computer Science, Object-Oriented Programming, Data Structures, Algorithms, and SQL, with a continuous roadmap toward Full-Stack Development.

EDUCATION

WE Applied Technology School (WE ATS)

Ismailia, Egypt

Specialization: Information Technology & Web Development (2024 – 2026)

TECHNICAL SKILLS & LEARNING ROADMAP

2024 — Frontend Foundation

- Core Web:** HTML5, CSS3, JavaScript (ES6+), Bootstrap
- Layout & Design:** Responsive Web Design (RWD), DOM Manipulation, Flexbox, CSS Grid

2025 — Computer Science & Data Fundamentals

- Programming & Logic:** Python, Object-Oriented Programming (OOP)
- Data & Core CS:** Data Fundamentals, Data Structures, Algorithms
- Databases:** Relational Databases & SQL Basics

2026 — Upcoming Focus (In Progress)

- Backend Development & RESTful API Integration (Expanding to Full-Stack)

Tools & Version Control: Git, GitHub, VS Code

CERTIFICATIONS & ACHIEVEMENTS

- Web Development Fundamentals:** IBM SkillsBuild — [Verify Badge](#)
- Data Fundamentals:** IBM SkillsBuild — [Verify Badge](#)
- Explore Emerging Tech:** IBM SkillsBuild — [Verify Badge](#)
- Python Programming Basics:** ITI Mahara-Tech (AI Academy) — [Verify Badge](#)
- Learn HTML & CSS:** ITI Mahara-Tech Platform — [View Platform](#)
- Information Technology Certification:** Specialized IT & Web Development Curriculum — WE Applied Technology School.

SOFT SKILLS

- Problem Solving & Analytical Thinking:** Strong ability to break down complex tasks and debug code efficiently.
- Communication & Teamwork:** Effective collaboration in technical team environments and school group projects.
- Continuous Learning & Adaptability:** Self-motivated learner staying up-to-date with modern tech roadmaps and tools.
- Self-Directed Learning (Learning How to Learn):** Strong skill in independently researching, mastering new technologies quickly, and applying theoretical concepts to real-world projects.

PROJECTS

1. Soup Project

A modern Frontend web application focused on responsive design, structured layout, and clean interactive user experience built using core web technologies.

2. Skillline Project

A responsive web project demonstrating mobile-first UI components, modern CSS styling, and structured DOM manipulation for an engaging user experience.
